

## URGE RELIGIOUS INSTRUCTION IN PUBLIC SCHOOLS

**Presbyterian Synod Adopts Resolution Urging Better Use of Weekly Half Hour**

### SEE TROUBLE AHEAD FOR SUCH A COURSE

**A Lack of Biblical Knowledge Among Young in West, Says Sunday School Secretary**

(From Evening Edition)

Unanimous approval of the Alberta Presbyterian synod sitting in Calgary yesterday was given to a resolution from the Ministerial association or the Western Presbytery of the church asking concerted action which would result in the better use of the half-hour weekly period allotted to religious instruction each week in the public schools.

The plan proposed by the Edmonton ministers is to divide all the time allotted to religious instruction into two large general classes, and to have one class taught by lay instructors. It is not desired that any creed or denominational doctrine be taught, but that the principles and truths of the Bible be explained, and moral standards and ethics given on morals, manners and ethics.

**Rev. C. A. Myers' Address.**

The subject of the resolution was fully discussed on Thursday morning, work had been delivered by Rev. C. A. Myers, secretary for Sunday school work of the Western Presbytery, who was adopted to the effect that the Western Presbytery of the church will support the movement providing for Bible study and the teaching of the principles and truths of the Bible in the public schools on religious subjects, and that the program should be so arranged as to establish a curriculum which will afford at least half-an-hour's study weekly.

Mr. Myers declared that there was a definite lack of knowledge of the Bible among the young in the west. He did not think, however, that it was true that the young people in the west were worse than those of another.

**President Hyde's Statement.**

President Hyde, who presented the resolution of the Edmonton Ministers, said that the movement, modesty, cleanliness, and good taste should be taught more in the schools. Moral instruction was very essential for the young people, he said, and the parents. He did not think that the example of the older students should be made imperative.

Rev. Mr. Deaton opposed the motion, saying that the system was making a great mistake in adopting a definite course of action. He urged to focus upon the school the study of the Bible, unless the Roman Catholic church would be willing to agreeable. In the east, he said, it was not unusual for the church over the matter owing to the objection of certain sects, and he advised that the church should not study the step they were taking.

## NOTABLE DAY IN CHURCHES OF CITY

**Urgent Appeals For Total Abolition of the Liquor Traffic Made All Pulpits—Bishop Lucas of McKenzie River Diocese Draws Large Crowds—Three Church Parades**

**Yesterday was a notable day in connection with the city churches.** The Temperance and Moral Reformation League, urgent appeals for the total abolition of the liquor traffic made from nearly every pulpit in the city. Dr. J. H. Reed, pastor of First Presbyterian, Aldridge and Rev. W. F. Gold, assisted the city ministers.

At 10:30 a.m. the service at All Saints' pro-cathedral in the morning, and to Holy Trinity Church in the evening, his experiences among the Eskimos and Indians were related.

The day was remarkable, too, for the number of church parades. In the afternoon, the Temperance and Moral Reformation League, band attended All Saints' pro-cathedral in a body. The various troops of boy scouts were present at Robertson Presbyterian Church. In the evening, the band of the U.G.C.A. attended the services at First Presbyterian Church in the north side, and Knox Presbyterian Church on the south side.

### Y.M.C.A. Addition To Cost \$500,000

**Five hundred thousand dollars is the cost now mentioned in connection with the eight-story addition to the Y.M.C.A., on May street, at the head of Howard Avenue. The new building plans for which are in course of preparation by the office of Macdonald and Macdonald, will contain a gymnasium 50 by 100 feet, a swimming pool 22 by 73 feet, upwards of 200 bedrooms, additional offices, a billiard room and reading and class rooms.**

**Elquent Sermons Preached by Rev. Mr. Smith and Rev. Mr. McGowan**

Through streets lined with thousands of spectators, over five hundred Oddfellows, headed by the 100th military band, marched in procession from the front door of the First Presbyterian Church, Fifth street, to attend the annual service which was announced that the parade last week was the greatest ever seen in the city by various Oddfellows' lodges in the city area. The great number of people in Jasper availed themselves of the day passed and the street took on an appearance of a carnival during the day of some patriotic celebrations.

Following the service, the service was conducted by the Rev. Mr. Smith and other clergymen who are members of the congregation. Major Harry Watts at the organ and a quartet, D. A. Watson, Headley, C. C. Chum and a solo by David Jones, together with a band of boys, followed the lodges themselves completed the services.

**E. A. Cummings Marshall**

The parade formed shortly before noon and marched down the street to the front door of the church, Rev. Mr. Cummings, D.G.M., presiding. Following the service, following the singing of the first hymn Misses Justice, Wetmore, Brae and Chubb rendered a selection. The service was in prayer and at the conclusion of the hymn, Rev. Mr. Cummings said "Lead Little Lamb."

**Rev. Mr. Smith's Sermon**

The Rev. Mr. Smith, who preached the sermon, took for his text, "He that overcometh shall inherit the earth." In opening his sermon he spoke of the significance of the word "overcometh," which was a recognition of God by a society of men. "Friendship, Love and Truth." The preacher then went on to deal with the meaning of the word "overcometh" and the word pictures of the results which follow the victory of the world over the world's history and the neediness of truth in the structure of civilization. "Overcometh" does not mean that one can conquer, but it could not be cured by the enactment of laws, or the like. The word "overcometh" is the recognition and acceptance of religious truth into the lives of the nations.

At the conclusion of the service the members of the many lodges again marched down the street and returned back to the market square where they dispersed.

**On South Side**

Over 150 members of the Strathcona L.O.C.P. Lodge No. 2 paraded to the south side of the city to protest the effects of the four o'clock. Rev. Mr. McGowan preached an appropriate sermon, closing as he always does the friendship of David and Jonathan. The policy is direct

## INDUSTRIAL WAR IN COLORADO HAS STARTLED WORLD

**Loss of Life in Five Days of Conflict Conservatively Estimated at 60**

### PROPERTY LOSS OVER ONE MILLION DOLLARS

**Business of State Is Paralyzed—People Sympathize With Miners—Truce Is Signed**

**Boulder, Colo., April 23.—At the end of the most dramatic but probably the least bloody day of the three days of conflict, a truce was declared last night which may temporarily check the activities in the coal fields of Colorado, which have started the world by the violence of their strike.**

The events of the week have paralyzed the State of Colorado. The property loss reaches the \$1,000,000 mark, and the miners are still out.

The truce was formalized last night in Denver. When it was arranged, the miners from the mines of Aguirre, where the strikers were lined up to meet their attack, were told:

"All is quiet here now."

Acting Governor Elmer and Horace Hawkins, attorney for the miners, helped to bring about the truce between the miners and the strikers leaders at Aguirre. Waisenbach, the miners' leader, signed a brief respite and agreement for a cessation of hostilities for two days. Whether this will be observed so late an hour will await doubtful. The miners are still out, and the miners are still out.

If the miners ignore it, or if the soldiers continue it, no one can estimate what the result will be.
